

Discovery Education Coding Challenge 2023 DECC Global Coding Challenge (Hong Kong Regional Selection)

DECC Global Coding Challenge is organized by Discovery Education, United States. It allows students to gain a thorough understanding of coding concepts like algorithms, sequences and variables, as well as developing computational thinking skills through decomposition, logical reasoning and problem-solving. By designing their own apps, they can share their app and code with others.

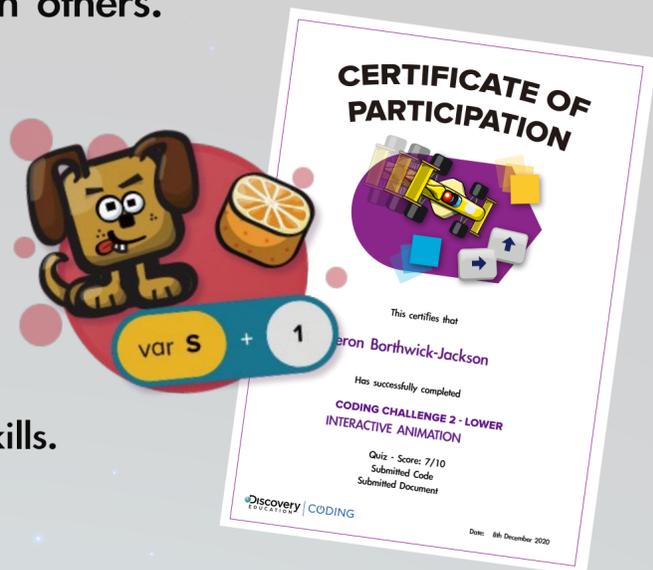

Competition Category

Lower Division - Primary 1 to Primary 3 Students

Objective : Create a fun interactive game,
Free themes by students.

Upper Division - Primary 4 to 6 students

Objective : Create an app that encourages
Students learn new knowledge or skills.

Requirement

It is compulsory to participate with Discovery Education Coding. Build an app that can run on Discovery Education Coding.

Prizes

- One Champion, one 1st runner-up and one 2nd runner-up in each group, and other contestants will be awarded Gold, Silver and Bronze prizes according to their performance
- Champion, 1st runner-up and 2nd runner-up will receive a certificate and a trophy
- Outstanding students will represent Hong Kong in the Global Challenge held in November

Registration date 1st to 31st August, 2023

Results announcement 30th September, 2023
